

CHEMISTRY

GCE Advanced Level and GCE Advanced Subsidiary Level

Grade thresholds taken for Syllabus 9701 (Chemistry) in the October/November 2007 examination.

| | maximum mark available | minimum mark required for grade: | | |
|--------------|------------------------|----------------------------------|----|----|
| | | A | B | E |
| Component 1 | 40 | 30 | 26 | 18 |
| Component 2 | 60 | 44 | 38 | 20 |
| Component 31 | 40 | 28 | 25 | 17 |
| Component 32 | 40 | 28 | 25 | 17 |
| Component 4 | 100 | 65 | 56 | 30 |
| Component 5 | 30 | 18 | 16 | 10 |

The thresholds (minimum marks) for Grades C and D are normally set by dividing the mark range between the B and the E thresholds into three. For example, if the difference between the B and the E threshold is 24 marks, the C threshold is set 8 marks below the B threshold and the D threshold is set another 8 marks down. If dividing the interval by three results in a fraction of a mark, then the threshold is normally rounded down.

Grade Thresholds are published for all GCE A/AS and IGCSE subjects where a corresponding mark scheme is available.
