## GCE Advanced Level and GCE Advanced Subsidiary Level

Grade thresholds taken for Syllabus 9709 (Mathematics) in the October/November 2006 examination.

|             | maximum mark available | minimum mark required for grade: |    |    |
|-------------|------------------------|----------------------------------|----|----|
|             |                        | A                                | B  | E  |
| Component 1 | 75                     | 65                               | 58 | 30 |
| Component 2 | 50                     | 30                               | 26 | 15 |
| Component 3 | 75                     | 64                               | 58 | 31 |
| Component 4 | 50                     | 40                               | 34 | 19 |
| Component 5 | 50                     | 40                               | 36 | 21 |
| Component 6 | 50                     | 41                               | 37 | 22 |
| Component 7 | 50                     | 36                               | 32 | 17 |

The thresholds (minimum marks) for Grades C and D are normally set by dividing the mark range between the B and the E thresholds into three. For example, if the difference between the B and the E threshold is 24 marks, the C threshold is set 8 marks below the B threshold and the D threshold is set another 8 marks down. If dividing the interval by three results in a fraction of a mark, then the threshold is normally rounded down.

Grade Thresholds are published for all GCE A/AS and IGCSE subjects where a corresponding mark scheme is available.
