What textbooks are available for my subject?

From the *Resource List* tab on the **Teacher Support** page for your syllabus you can search for textbooks for your subject. No particular book is necessary for a course and teachers are advised to choose the textbook that best suits their needs. Many of our syllabuses are supported by a range of different endorsed textbooks to ensure that schools have choice. There is information on the back of endorsed textbooks about which examination series it was first produced for.

Endorsed resources go through a rigorous quality-assurance process to make sure they closely reflect the syllabus and are appropriate for Cambridge schools worldwide. Resources may be 'endorsed for full syllabus coverage' or endorsed to cover specific sections, topics or approaches. Look for the specific 'endorsed for...' logo on the resource.

How can I find out about any changes to the syllabus?

This information can be found on the inside cover of the syllabus, which can be downloaded from **Teacher Support**. Changes are described in detail within this section. Throughout the syllabus, any significant changes are indicated by black vertical lines either side of the text.

If a syllabus update document is listed next to a syllabus this is notification that the syllabus has been updated to reflect a change. The changes that have been made will be clearly indicated in the syllabus update.

How can I find more information about the IGCSE (9–1) grading system?

The grading process for 9–1 IGCSEs will be the same process we use to grade all our syllabuses.

- The standards at the thresholds of grades 7, 4 and 1 are the same as the standards at the thresholds of grades A, C and G.
- Grade boundaries for grades 8, 6, 5, 3 and 2 are set using arithmetic rules that space the grade boundaries at regular intervals between the boundaries for grades 9, 7, 4 and 1. The use of arithmetic grade boundaries is common to Cambridge and all other UK exam boards.
