May/June 2020

MARK SCHEME

Maximum Mark: 100

---

**Published**

Students did not sit exam papers in the June 2020 series due to the Covid-19 global pandemic.

This mark scheme is published to support teachers and students and should be read together with the question paper. It shows the requirements of the exam. The answer column of the mark scheme shows the proposed basis on which Examiners would award marks for this exam. Where appropriate, this column also provides the most likely acceptable alternative responses expected from students. Examiners usually review the mark scheme after they have seen student responses and update the mark scheme if appropriate. In the June series, Examiners were unable to consider the acceptability of alternative responses, as there were no student responses to consider.

Mark schemes should usually be read together with the Principal Examiner Report for Teachers. However, because students did not sit exam papers, there is no Principal Examiner Report for Teachers for the June 2020 series.

Cambridge International will not enter into discussions about these mark schemes.

Cambridge International is publishing the mark schemes for the June 2020 series for most Cambridge IGCSE™ and Cambridge International A & AS Level components, and some Cambridge O Level components.

**Generic Marking Principles**

These general marking principles must be applied by all examiners when marking candidate answers. They should be applied alongside the specific content of the mark scheme or generic level descriptors for a question. Each question paper and mark scheme will also comply with these marking principles.

**GENERIC MARKING PRINCIPLE 1:**

Marks must be awarded in line with:

- the specific content of the mark scheme or the generic level descriptors for the question
- the specific skills defined in the mark scheme or in the generic level descriptors for the question
- the standard of response required by a candidate as exemplified by the standardisation scripts.

**GENERIC MARKING PRINCIPLE 2:**

Marks awarded are always **whole marks** (not half marks, or other fractions).

**GENERIC MARKING PRINCIPLE 3:**

Marks must be awarded **positively**:

- marks are awarded for correct/valid answers, as defined in the mark scheme. However, credit is given for valid answers which go beyond the scope of the syllabus and mark scheme, referring to your Team Leader as appropriate
- marks are awarded when candidates clearly demonstrate what they know and can do
- marks are not deducted for errors
- marks are not deducted for omissions
- answers should only be judged on the quality of spelling, punctuation and grammar when these features are specifically assessed by the question as indicated by the mark scheme. The meaning, however, should be unambiguous.

**GENERIC MARKING PRINCIPLE 4:**

Rules must be applied consistently e.g. in situations where candidates have not followed instructions or in the application of generic level descriptors.

**GENERIC MARKING PRINCIPLE 5:**

Marks should be awarded using the full range of marks defined in the mark scheme for the question (however; the use of the full mark range may be limited according to the quality of the candidate responses seen).

**GENERIC MARKING PRINCIPLE 6:**

Marks awarded are based solely on the requirements as defined in the mark scheme. Marks should not be awarded with grade thresholds or grade descriptors in mind.

Question	Answer	Marks
1(a)	<p><b>Identify <u>three</u> types of transport used by tourists.</b></p> <p>Award one mark for each correct identification.</p> <p>Bus/coach Car Tram Train Ferry/boat</p> <p>Credit all valid responses in context.</p>	<b>3</b>
1(b)	<p><b>Define, using an example, what is meant by the following terms:</b></p> <p>Award one mark for the correct definition of the term and a second mark for an appropriate example.</p> <p><b>inbound tourism:</b> visitors/tourists from another country [1] e.g. business tourist from UK visiting Dubai</p> <p><b>domestic tourism:</b> taking a holiday/travelling within your own country [1] e.g. family visiting a beach in their own country [1]</p> <p>Credit all valid responses in context.</p>	<b>4</b>

Climatic environment	Characteristics of the climate	Tourist activity									
<b>Equatorial</b>	high temperature heavy rain rain almost everyday humid [up to 2 marks]	sunbathing/swimming/ trekking/diving/snorkelling/ wildlife watching [1]									
<b>Arctic</b>	harsh cold winter snow cool summer with rain [up to 2 marks]	skiing/snowboarding/wildlife watching/walking/hiking [1]									
2(c)	<p><b>State <u>three</u> climatic hazards that impact tourism.</b></p> <p>Award one mark for each correct identification.</p> <p>Tropical storms  Hurricane  Cyclones  Typhoons  Monsoon rains  Monsoon winds  Drought  Forest fire  Floods</p> <p>Credit all valid responses in context.</p>	<b>3</b>									

Question	Answer	Marks
2(d)	<p><b>Explain <u>three</u> ways climate change can affect tourism.</b></p> <p>Award one mark for the correct identification of a way and award a second mark for explanatory development of the way in context.</p> <p>Rising sea levels [1] loss of island resorts/loss of water supply [1]            Beach erosion [1] loss of beach/cliff/beach [1]            Reduction/loss in tourism demand [1] loss of tourist attractions/feature /environment/wildlife [1]            Shortening of seasons [1] mountain regions [1]            Lengthening of season [1] sun/beach destinations [1]</p> <p>Credit all valid responses in context.</p>	<b>6</b>
2(e)	<p><b>Discuss the ways tourist attractions can manage the effects of seasonality to remain successful.</b></p> <p>Indicative content:            Undercover areas            Pricing - reduce out of season            Attract other market segments/tourist types (e.g. business/schools)</p> <p>Credit all valid responses in context.</p> <p><b>Level 3 (5–6 marks)</b> can be awarded for evaluative comment about the significance/importance of the way. Better answers may have a reasoned conclusion.</p> <p><b>Level 2 (3–4 marks)</b> can be awarded for an analysis clearly indicating how the way benefit the attraction/minimise the effect of seasonality.</p> <p><b>Level 1 (1–2 marks)</b> will identify up to two valid ways providing some detail within the context but will be mainly descriptive.</p> <p>During a rainy or colder season tourist numbers to attractions may fall as the attraction becomes less accessible [L1]. In order to manage this, if possible, attractions can build areas that protect tourists from the weather [L1] this will allow tourists to still enjoy the attraction and the attraction will still have income from visitors [L2] allowing the attraction to stay open longer/all year [L3]. Other attractions, such as theme parks, may see a drop in visitor numbers when the school holidays finish [L1] to overcome this they can use their facilities for other purposes for example business conferences or educational talks [L2]. If the attractions can stay open for longer/all year they will continue to benefit from tourist spend, jobs will be less seasonal and they can draw tourists to the area for other tourist organisations to benefit from [L3].</p>	<b>6</b>

Question	Answer	Marks
3(a)	<p><b>Identify the following:</b></p> <p>Award one mark for each correct identification:</p> <p><b>the percentage of total spending generated by business tourists in Spain: 13</b>  <b>the percentage of employment in Spain from travel and tourism: 4.7%</b>  <b>the current second most popular tourist destination in the world: USA</b></p> <p>Accept only these answers.</p>	<b>3</b>
3(b)	<p><b>Explain <u>two</u> ways tourist destinations can appeal to business tourists.</b></p> <p>Award one mark for the correct identification of a way and award a second mark for explanatory development of the way in context.</p> <p>Conference and event facilities [1] holding conference/event draws other tourist to the destination [1]            Good transport links [1] easy/quick access in and out (business tourist busy) [1]            Good information on the destination [1] plan in advance [1]</p> <p>Credit all valid responses in context.</p>	<b>4</b>
3(c)	<p><b>Explain <u>three</u> likely reasons why Spain is popular with tourists from the UK, France and Germany.</b></p> <p>Award one mark for the correct identification of a reason and award a second mark for explanatory development of the reason in context.</p> <p>Located nearby [1] Europe/same continent/short travel time [1]            Shared currency/Euro [1] less travel planning/no loss in exchange rates [1]            Similar cultures [1] ease of travel/no or limited culture clash [1]            Seasons [1] same seasonality e.g. school holidays [1]            Climate [1] warmer [1]            Established tourism infrastructure [1] ease of access [1]</p> <p>Credit all valid responses in context.</p>	<b>6</b>
3(d)	<p><b>Describe the characteristics of the following accommodation types:</b></p> <p>Award one mark for the correct identification of a characteristic and award a second mark for descriptive comment of the characteristic in context.</p> <p><b>hotel:</b> serviced [1] at least 10 rooms/larger [1]  <b>camp sites:</b> Self catering [1] place to pitch tent/park caravan [1]  <b>guest houses:</b> serviced [1] smaller/5 rooms [1]</p> <p>Credit all valid responses in context.</p>	<b>6</b>

Question	Answer	Marks
3(e)	<p><b>Discuss the ways tourism can negatively affect traditional cultural activities.</b></p> <p>Indicative content: Commodification Demonstration effect-less interest in local art forms Staged authenticity Adaption to tourist demands</p> <p>Credit all valid responses in context.</p> <p><b>Level 3 (5–6 marks)</b> can be awarded for evaluative comment about the significance/importance of a way or impact. Better answers may have a reasoned conclusion.</p> <p><b>Level 2 (3–4 marks)</b> can be awarded for an analysis clearly indicating how the way effects the traditional art forms.</p> <p><b>Level 1 (1–2 marks)</b> will identify up to two valid ways providing some detail within the context but will be mainly descriptive.</p> <p>Many art forms are displayed for tourists for example traditional dances like Flamenco, this can lead to staged authenticity [L1]. This can result in the dance changing to suit the needs of tourists [L1] and becoming removed from its traditional purpose [L1] which can cause culture clashes [L2] and even resentment towards the tourists as traditions are lost or eroded [L2]. When local cultures and art forms are over or misused the local population can resent the tourists presence [L3] which can result in the destination becoming less appealing and welcoming [L3] and a loss of tourist numbers and spend, impacting the whole economy [L3].</p>	6
4(a)	<p><b>State <u>three</u> products provided by restaurants.</b></p> <p>Award one mark for each correct product.</p> <p>Meals Drinks/wine Desserts Buffet Starters Main meals Fish course</p> <p>Accept only these answers.</p>	3

Question	Answer	Marks
4(b)	<p><b>Explain <u>three</u> barriers to good communication in a tourism setting.</b></p> <p>Award one mark for the correct identification of a barrier and award a second mark for appropriate explanatory development of the barrier in context.</p> <p>Language barriers [1] staff cannot speak the guest's language [1]            Cultural difficulties [1] conversation/message incorrectly interpreted [1]            Complexity [1] tourist request not understood [1]            Lack of concentration [1] tourist does not get correct order/dissatisfied tourists [1]</p> <p>Credit all valid responses in context.</p>	<b>6</b>
4(c)	<p><b>Explain <u>three</u> personal presentation requirements for waiting staff.</b></p> <p>Award one mark for the correct identification of a requirement and award a second mark for explanatory development of the requirement in context.</p> <p>Clean/pressed uniform [1] good appearance [1]            Hair tied back/short neat hair [1] hygiene [1]            Clean/short nails/no nail varnish [1] hygiene/looks presentable [1]            No body odour [1] offence [1]            Limited jewellery [1] neat/tidy [1]            No strong/excessive perfume [1] offence/effect food [1]</p> <p>Credit all valid responses in context.</p>	<b>6</b>
4(d)	<p><b>Explain <u>two</u> ways restaurants can minimise their environmental impact.</b></p> <p>Award one mark for a correct identification of a way and a second mark for explanatory development about the way in context.</p> <p>Use local food/produce [1] reduces food miles [1]            Less plastic [1] don't use plastic water bottles [1]            Recycle water [1] reduce waste to landfill [1]            Recycle [1] glass bottles [1]</p> <p>Credit all valid responses in context.</p>	<b>4</b>

Question	Answer	Marks
4(e)	<p><b>Assess the benefits of restaurants and hotels using local staff.</b></p> <p>Indicative content: Increases multiplier effect Increases economic benefit Increases social cultural benefits</p> <p><b>Level 3 (5–6 marks)</b> can be awarded for evaluative comment about the significance/importance of the benefit. Better answers may have a reasoned conclusion.</p> <p><b>Level 2 (3–4 marks)</b> can be awarded for an analysis clearly indicating how it benefits the hotel.</p> <p><b>Level 1 (1–2 marks)</b> will identify up to two benefits providing some detail within the context but will be mainly descriptive.</p> <p>Tourists are interested in the local food and culture so using local food will add to the appeal of the hotel [L1]. Local staff will be knowledgeable about local foods and culture [L2] and so can tell tourists about it. This should result in more guests and better reputation [L2] as tourists will learn about the local traditions and the experience will be authentic [L2]. More customers will mean more money/profit/have a better future [L3].</p>	6
